Privacy Policy	We Don't Read Your Mails	They Do
Price	\$3.49	\$5.00

The OX7 Advantage

Administrator **Guide**

The Enterprise Email dashboard allows you to easily Manage Multiple users.

The screenshot shows the 'Add User' form on the eemaildemo.com website. The page has a header with the site name, navigation tabs (Dashboard, Mail, Settings), and a 'Log Out' link. The form itself is titled 'Add User' and includes a note that fields marked with an asterisk are compulsory. The form contains several input fields: 'Name' (split into 'First Name' and 'Last Name'), 'Desired Email Address' (with a dropdown for the domain '@eemaildemo.com'), 'Alternate Email Address', 'Country of User' (a dropdown menu), and 'Language of User' (a dropdown menu). Each of these fields is marked with an asterisk. Below the form fields is a blue 'Add User' button.

eemaildemo.com [Log Out](#)
Service provided by P.D.R Solutions FZC

Dashboard Mail Settings

Add User

Fields marked with (*) are compulsory.

Name: * First Name Last Name

Desired Email * @eemaildemo.com
Address: Enter a username for this domain

Alternate Email *
Address: This will be used for important communications

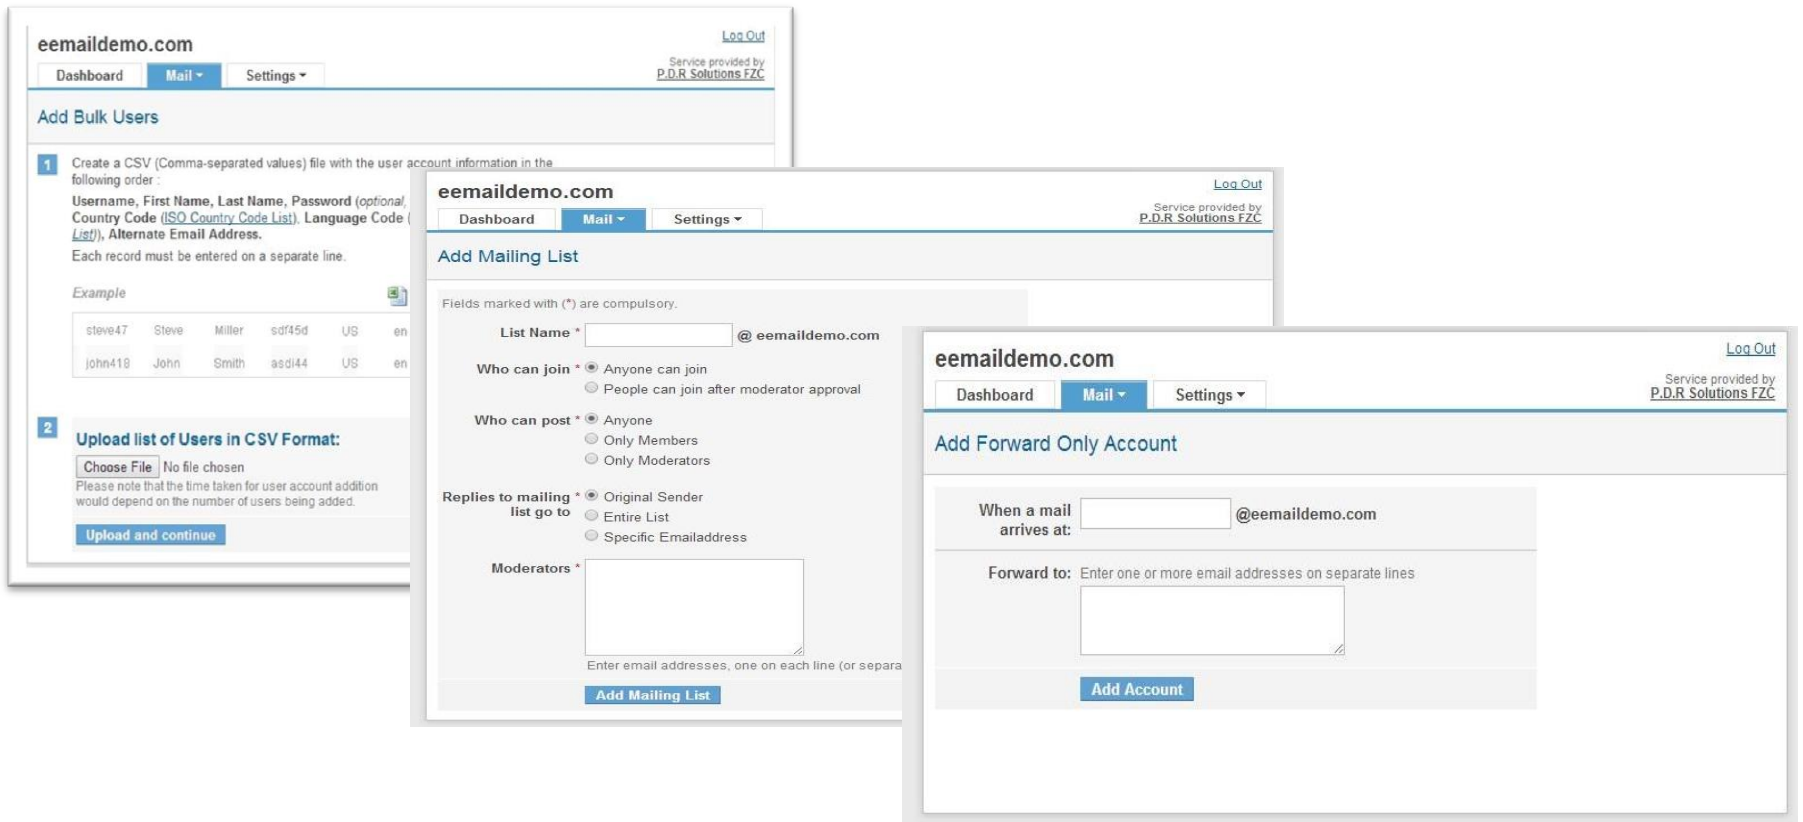

Country of User: * United States
This will be useful to get to your mail faster

Language of User: * English
This will be useful to communicate with user

[Add User](#)

Adding a User

Enterprise Email Dashboard is similar to the Business Dashboard, This makes adding a User Simpler and requires you to only fill out your full name, Desired email id and Alternate Email id incase you forget your password.

Other features Include

- Adding users in Bulk via CSV file
- Creating Forward only accounts
- Creating and Managing Mailing Lists
